

## Armchair System RS 71 Proxy

Complete relax system with stepless, separate adjustment of leg rest and back with heart-balance function

### Functions

- Back and leg rest can be adjusted separately
- Folding foot section under the seat
- Headrest continuously adjustable by motor, alternatively manually with ratchet gear
- System tilt function
- Heart-balance function
- Motor drive
- Triggered by built-in button or hand switch with digital control for mains or battery operation

### Variants

- Three back heights, three seat depths
- Suitable for narrow seating positions and conical seat shapes
- Center part cylindrical or conical with different heights
- Free design options for side parts and armrests
- Fixed, open and co-moving armrests
- Die-cast star base, plate feet (flat and lens plates) and other foot shapes with different surfaces: powder-coated / RAL colours, brushed stainless steel

### Technology

- All pivot points are wear-resistant, plastic-mounted
- Steel tube and sheet steel powder-coated / primed
- Wavy curved springs, mounted in the seat frame
